

Environmental Policy Statement

Protective Packaging Ltd (PPL) are committed to protecting the environment and to minimise any environmental impacts created by their activities. PPL has set up an Environmental Management System (EMS) in line with the requirements of ISO14001.

The scope for products and services of the EMS applies to *“The design and manufacture of packaging solutions for climatically sensitive products and the distribution of impact detection and prevention systems.”*

To achieve this PPL will:

- Comply with all applicable environmental legislative and regulatory requirements and all other requirements to which the Company subscribes.
- Include the consideration of environmental issues in all business strategies and initiatives.
- Use the company’s senior management commitment to ensure the protection of the environment is firmly embedded in the culture of both the Company and its employees. PPL will endeavour to influence its suppliers and customers in a similar strategic environmental manner.
- Prevent pollution, reduce waste and minimise the consumption of resources.
- Ensure the employees awareness, education and training to carry out their tasks and duties in an environmentally responsible manner, and ensure that a continual improvement plan is implemented.
- Encourage environmental protection with their laminating partners, suppliers and any subcontractors selected.
- Actively promote recycling, both internally and amongst its laminating partners, suppliers and customers.

The Managing Director of the company oversees an annual review of this policy, and its associated procedures, to ensure our continued effectiveness, ensure legal compliance and promote continual improvement of its Environmental Management System to enhance PPL’s environmental performance. All amendments to the policy and associated procedures will be brought to the attention of all managers and all relevant interested parties.

Ben Lewis

Managing Director
